

HOSPITAL BED & STRECHER STORAGE

Bed & Stretcher Storage Challenges

Bed & Stretcher Lifts Provides A Solution

Revitalize Your Space

BED LIFT: FUNCTION & VALUE

The Bed Lift stacks and stores hospital beds to:

- ▣ Save valuable floor and storage space.
- ▣ Secure and protect hospital beds.
- ▣ Reduce damage to beds in unprotected areas.
- ▣ Relocate beds from hospital aisles and floors to centralized storage
- ▣ Reduce fire hazards in hallways

That's function that fits...in tight spaces.

BED STORAGE: BEFORE & AFTER
