Pharmacy & Lab Solutions
Improve the workflow of your staff with FrameWRX. This flexible storage system enables you to easily adapt and update your storage area as your needs change.

Lab Furniture
Design your lab with stainless steel or anti-microbial finishes to maintain your integrity. Modular casework allows you to move & modify lab furniture on demand.

Health Information Systems
In most cases, high-density mobile filing systems can increase your filing capacity by 100% in the same area or cut your space required for filing in half.

Emergency Department
Increase the operational efficiency of the emergency department by creating efficient storage areas for critical supplies close to the point-of-need.

Sterile Storage
Quickly access sterile storage with high visibility storage solutions made to fit into critical spaces where storage is needed.

Storage Solutions
Make the most of your limited space with this space efficient storage system. Ideal for organizing large and small items in the same system.

Rotary Cabinets
This space saving multi-media cabinet rotates to allow double depth storage. Great for all types of media including top and end tab files, notebooks, CDs, & supplies. Cabinet is lockable.

Modular Nurses Stations & Reception Counters
Custom design your nurses station based on your specific needs. Durable, modular components provide easy access for cable management.

Wire Shelving & Specialty Carts
Wire healthcare shelving and carts are perfect for numerous applications including sterile environments, dunnage, supplies and more. Add casters and make your wire shelving mobile.

High-Density Mobile Shelving Concept
This space saving storage system can store anything from files to pallets! In most situations your storage space can be cut in half, and compared to traditional file cabinets your space could be cut to a third.

Modular Casework
Flexible cabinetry allows you to create storage for any room. All components are interchangeable to change as your requirements change. Modular casework is a Green/LEED certifiable solution for your facility.
