Reception Workstations
Custom design your reception area based on your specific needs. Durable, modular components provide easy access for cable management.

Rotary Cabinets
This space saving multi-media cabinet rotates to allow double depth storage. Great for top and end tab files and mixed media. Cabinet is lockable.

Are your cabinets taking up too much space?
Let us show you how to reduce your floor space requirements by 1/3, & increase the productivity of your staff.

Electronic Lateral Storage
Reclaim up to 60% of your floor space while increasing productivity up to 56%. This ADA compliant system can store & secure files, binders, parts & supplies.

Modular Copy & Work Centers
Organize your department's fax, copy & work areas with modular casework. Modular casework has adjustable shelves & can be easily reconfigured or moved.

Mailroom Furniture
This flexible sorting furniture is perfect for processing mail & other documentation. A wide variety of sorters & consoles to meet your changing needs.
Fully Ergonomic/Adjustable Tables
These ergonomic tables are fully adjustable including table height and keyboards. Computer screens are mounted into table to accommodate the body's natural sitting position. Excellent data entry positions.

Modular Organization Casework
Organize your copy center and information center with modular casework. Unlike built-in casework, modular casework is sensitive to the environment because it is reusable and reconfigurable with adjustable shelves.

High-Density Filing & Storage Systems
Conserve floor space by reducing the space required for storage & filing. Typically, we can reduce your storage or filing space by 1/3 to 1/2 the current space. Need security? We can make it easy and economical.

High-Density Mobile Shelving Concept
This space saving storage system can store anything from files to pallets! In most situations your storage space can be cut in half, and compared to traditional file cabinets your space could be cut to a third.

Modular Casework
Flexible cabinetry allows you to create storage for any room. All components are interchangeable to change as your requirements change. Modular casework is a Green/LEED certifiable solution for your facility.
