Understanding the power requirements of your Spacesaver Mobile Storage Systems...

This is what a 20-amp receptacle looks like:

Each mobile system requires one receptacle, as specified below.

This is what the 20-amp hospital grade plug looks like, provided with each mobile system:

EACH MOBILE SYSTEM REQUIRES ONE DEDICATED 20-AMP CIRCUIT AND THREE-PRONG RECEPTACLE 90" OFF THE FINISHED FLOOR, AT THE APPROXIMATE LOCATION WE HAVE INDICATED ON OUR DRAWINGS. EACH PLUG INCLUDES AN 8 FOOT CORD.
