Outrigger base extension		

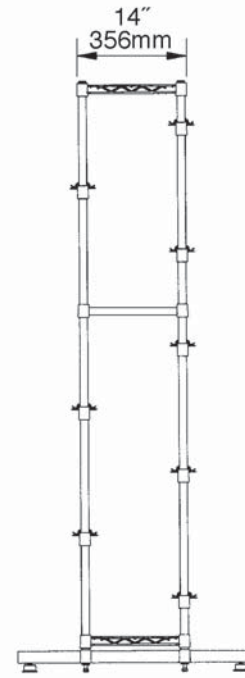

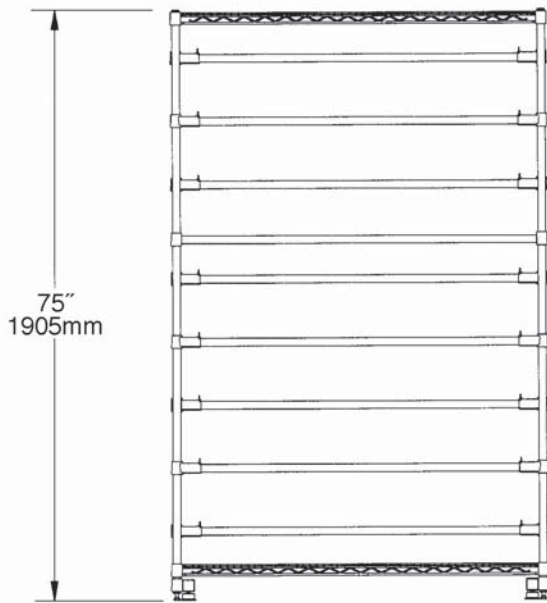

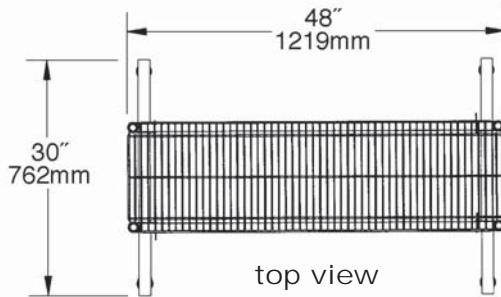

roll bag dispenser

- An effective means of dispensing products on rolls or spools.
- An easy way to establish protocol by color of cleanroom waste avoiding inadvertent mixing of non-compatible items.
- Standard roll bag dispenser unit consists of two 14" x 48" (356 x 1219mm) wire shelves, eight removable dispenser bars, one channel frame, and four 74" (1880mm) posts with 30" (762mm) outrigger feet for stability.
- Dispensing bars are adjustable on 1" (25mm) increments.
- Available in stainless steel or chrome finish. Custom sizes and configurations available.
- Allows significant inventory to be stored at the point of use.

Roll Bag Dispenser
